Elevated Blood Lead Levels

From the Code:

"Elevated Blood Lead Level" or "EBL" means a blood lead level greater than or equal to 5 micrograms per deciliter (µg/dL) of whole blood.

"EBL Inspection" means a lead inspection, lead risk assessment, and any necessary follow-up in a regulated facility to determine the sources of lead exposure. EBL inspections shall only be performed by the Department or delegate agency personnel licensed as a lead risk assessor.

Confirmed elevated blood lead cases 5

Environmental Assessments 3

HCHD started doing blood lead level case management and environmental assessments on January 1, 2021.

Dental Center:

Currently, the dental center sees patients from 138 zip codes in 26 counties, across 4 states. All Hancock county children were invited to participate in our sealant program.
